

Chloé Mendes

Product Project Manager | Project Coordinator | Fintech & Digital Banking

Email: mendeschloe@outlook.com Phone: +33 7 82 12 72 80 Location: Ferney-Voltaire, France (Geneva border)
Availability: Remote, Hybrid or On-site — Switzerland

PROFESSIONAL SUMMARY

Proactive Product Project Manager and Project Coordinator with 7+ years of combined experience across fintech, software engineering and financial services. Proven track record launching financial products from zero to market, implementing CRM systems, writing technical and functional specifications, and driving cross-functional execution across product, engineering, operations and leadership teams. Strong background in Agile and Lean delivery methodologies, KPI tracking, dashboards, and stakeholder management. Rare combination of fintech domain expertise (Swiss taxation, retirement planning, 3rd pillar, vested benefits) and hands-on software engineering (Angular, Java, SAPUI5, ABAP). Comfortable working remote, hybrid or on-site in fast-paced, distributed environments. Strong interest in digital banking and crypto-asset ecosystems.

CORE SKILLS

Project & Product Management: Project coordination, Project management, Product launch, Roadmapping, Prioritisation, Stakeholder management, Cross-functional coordination, Governance, Playbooks, Risk management, Blocker resolution, Process improvement, Technical specifications (cahiers des charges), Operational excellence, Continuous improvement.

Methodologies: Agile, Scrum, Lean, Kanban, Remote-first and distributed team collaboration, SDLC (software development lifecycle).

Tools & Platforms: Jira, Asana, Notion, Confluence, Salesforce, Microsoft 365, Google Workspace, Miro, Figma, Markdown documentation, Dashboards, KPI tracking.

Fintech & Finance Domain: Swiss taxation, cross-border taxation (France/Switzerland), 3rd pillar, vested benefits, retirement planning, mortgage advisory, matrimonial tax optimisation, financial product development, compliance fundamentals, digital banking, crypto-asset awareness.

Engineering Literacy: Angular, JavaScript, HTML, CSS, Java, SAPUI5, Fiori Elements, ABAP, Mobile development, Technical documentation, Quality assurance.

Soft Skills: Proactive, Ownership-driven, Organised, Attention to detail, Analytical, Excellent written and verbal communication, Client-oriented, Adaptable, Resilient under pressure, Autonomous.

PROFESSIONAL EXPERIENCE

Project Lead — Retirement Planning Division

FINKE Swiss (Calaotrade) — Switzerland — *September 2025 – Present*

- Driving end-to-end rollout of a new financial product line covering 3rd pillar, vested benefits and retirement planning.
- Owning the CRM implementation: gathering requirements, managing vendor selection, writing functional specifications and driving adoption across the organisation.
- Authoring technical and functional specifications (cahiers des charges) and internal playbooks to document processes and governance.
- Identifying workflow bottlenecks and designing scalable process improvements across commercial, operations and back-office teams.
- Coordinating alignment and communication between sales, operations, product and leadership.
- Currently preparing AFA certification (Swiss financial advisory).

Head of Tax & Product Development — Project Manager

Planifique — Geneva, Switzerland — *December 2021 – February 2025*

- Launched a new financial product from zero to market — full lifecycle from scoping, design and pricing to go-to-market.
- Built the end-to-end delivery workflow: personalised audits, retirement planning, mortgage advisory, and tax optimisation for marriage and PACS.
- Managed KPIs and dashboards across commercial pipeline and service production to support executive decision-making.
- Produced clear and concise reports and insights for leadership, translating complex tax and financial data into actionable recommendations.
- Led cantonal tax analysis to optimise client outcomes and improve service value.
- Coordinated cross-functional workflows between advisors, production and commercial teams.

Web Developer — Agile Delivery

Sopra Steria (CNAM) — Lyon, France — *December 2020 – September 2021*

- Delivered Java web applications in Agile squads for a major French client (CNAM).
- Collaborated cross-functionally with business analysts, QA and operations.

Mobile Application Developer

Sopra Steria (bioMérieux) — Lyon, France — *September 2019 – November 2020*

- Developed mobile applications using Angular, Java, SAPUI5 and Fiori Elements.
- Produced structured technical documentation (Markdown, MKDOC).

SAP Technical Consultant

TVH Consulting — Lyon, France — *September 2018 – September 2019*

- Managed incident triage and resolution across multiple enterprise SAP clients.
- Developed in ABAP, fixed bugs, and authored technical documentation.

Web Developer (Early Engineering Roles)

Calaosoft & W3plus — France — *2017 – 2018*

- Full-stack web development, mobile application testing, and feature validation.

EDUCATION & CERTIFICATIONS

AFA Certification — Swiss financial advisory certification — *In progress, 2026*

Engineering Degree in Computer Science (Mobile specialisation) — Science U, Lyon, France — *2016 – 2021*

5-year engineering curriculum in work-study format (alternance), with real-world projects at Sopra Steria and TVH Consulting.
